TRAININGS

Web Development

Udemy Online Course, Online

May 2021 - Present

This is a Web-Development course. This course consists of all those important topics which are important to become a full-stack developer.

As of now, I have completed the front-end part of this course and I am equipped with knowledge of HTML, CSS, Bootstrap, JS, jQuery.

I am able to create a responsive and user-friendly website using HTML, CSS, and JS.

Machine Learning

University Of Michigan, Online

Apr 2020 - May 2020

It was an online course about M.L. I completed it in 2 months of span which included coding as well as theory part related to basic of Machine Learning

PROJECTS

College Website

May 2021 - May 2021

<https://github.com/Abhisht18/Abhisht18.github.io.git>

I tried to make a static website for a college using HTML, CSS, and a little bit of JavaScript. With the help of some youtube videos, I tried to make this website responsive and user-friendly.
